

It takes individuals and families, ingenuity and elbow-grease, to make a community thrive. At the heart of the Utica area are our locally owned and operated businesses, exemplified by the F.X. Matt Brewing Company, an integral part of our community since 1888.

At Adirondack Bank, we applaud excellent service and longevity, and not just because we've been serving local communities since 1898. We think that service and staying power go hand-in-hand, and that building trust and a proven record is what creates great relationships. So add our "Cheers" to F.X. Matt Brewing Company, may they continue to innovate and invigorate our community for many years to come.
